# HILL'S FAMOUS French Hybrid Lilacs and Flowering Crab Apples

HILLS LILACS IN BLOOM

HILL'S CRAB APPLE IN BLOOM

## HILL'S FRENCH HYBRID LILACS

The Lilac is easily the most well known flowering shrub throughout America. Hill's selection of varieties, some new and some old, are chosen for their **PROVEN ABILITY** to grow well, bloom freely and **SELL**. Hills **OWN ROOT** Lilacs cannot be compared, in any way with others produced by piece-root grafting or budding. Hill's lilacs will make a profit for you and insure a satisfied consumer.

## HILL'S ASIATIC FLOWERING CRAB APPLES

No other flowering tree in the North Central region can compare to the Asiatic Flowering Crab Apple, for consistent, heavy bloom in a full range of colors with a choice of useful branching habit. Colorful and distinctive fruit carried well into Winter, adds to the desirability of Hill's selected varieties. All are two year old, field grown, piece-root grafts. **NOT BUDED.**
